

## Recent Acoustical Society of America Awards and Prizes

*Acoustics Today* is pleased to present the names of the recipients of the various awards and prizes given out by the Acoustical Society of America. After the recipients are approved by the Executive Council of the Society at each semiannual meeting, their names are published in the next issue of *Acoustics Today*.

Congratulations to the following recipients of Acoustical Society of America medals, awards, prizes, and fellowships, many of whom will be formally recognized at the spring 2020 meeting in Chicago, IL. For more information on the accolades, please see [acousticstoday.org/asa-awards](http://acousticstoday.org/asa-awards), [acousticalsociety.org/prizes](http://acousticalsociety.org/prizes), and [acousticstoday.org/fellowships](http://acousticstoday.org/fellowships).

### ***Gold Medal***

#### **Judy R. Dubno**

(Medical University of South Carolina)

For contributions to understanding age-related hearing loss and leadership in the acoustics community

### ***Medwin Prize in Acoustical Oceanography***

#### **Kelly Benoit-Bird**

(Monterey Bay Aquarium Research Institute)

For contributions to understanding marine organism foraging ecology using novel acoustic analysis

### ***Hunt Fellowship***

#### **Michaela Warnecke**

### ***R. Bruce Lindsay Award***

#### **Julien Bonnel**

(Woods Hole Oceanographic Institution)

For contributions to physics-based signal processing methods for underwater acoustic applications

### ***William and Christine Hartmann Prize in Auditory Neuroscience***

#### **Edwin R. Rubel**

(University of Washington)

Congratulations also to the following members who were elected Fellows in the Acoustical Society of America at the fall 2019 meeting.

- **Cynthia G. Clopper** (Ohio State University) for contributions to the acoustics and perception of dialect variation
- **Stanislav Emelianov** (University of Texas at Austin) for contributions in photo-acoustic, molecular, and ultrasound elasticity imaging
- **Michael R. Haberman** (University of Texas at Austin) for contributions to acoustic metamaterials and heterogeneous acoustic media
- **Joel Mobley** (University of Mississippi) for contributions to the ultrasonic characterization of dispersive systems
- **Rolf Mueller** (Virginia Tech) for advancing knowledge of the acoustics underlying echolocation in bats
- **Linda Polka** (McGill University) for contributions to native and non-native speech perception in infants and adults
- **Kuangcheng Wu** (Naval Surface Warfare Center-Carderock) for contributions to the computational evaluation of acoustic radiation from submerged structures
- **Xiaoming Zhang** (Mayo Clinic) for contributions to ultrasound surface wave elastography in biomedical imaging
