

Recent Acoustical Society of America Awards and Prizes

Acoustics Today is pleased to present the names of the recipients of the various awards and prizes given out by the Acoustical Society of America. After the recipients are approved by the Executive Council of the Society at each semiannual meeting, their names are published in the next issue of *Acoustics Today*.

Congratulations to the following recipients of Acoustical Society of America medals, awards, prizes, and fellowships, who will be formally be recognized at the December 2020 Plenary Session. For more information on the accolades, please see acousticstoday.org/asa-awards, acousticalsociety.org/prizes, and acousticstoday.org/fellowships.

Silver Medal in Noise

Scott D. Sommerfeldt

(Brigham Young University)

For contributions to active noise and structural acoustic control

Silver Medal in Speech Communication

Anne Cutler

(Western Sydney University)

For contributions to understanding speech recognition by native and nonnative listeners, and leadership in speech science

Wallace Clement Sabine Medal

Gary W. Siebein

(Siebein Associates and University of Florida)

For contributions to education and practice in architectural acoustics

Rossing Prize in Acoustics Education

Daniel J. Butko

(University of Oklahoma)

James E. West Minority Fellowship

E.K. Ellington Scott

(Rensselaer Polytechnic Institute)

Leo and Gabriella Beranek Scholarship in Architectural Acoustics and Noise Control

Brian J. Puckett

(University of Nebraska-Lincoln)

Frank and Virginia Winker Memorial Scholarship for Graduate Study in Acoustics

Kenton Hummel

(University of Nebraska-Lincoln)

Raymond H. Stetson Scholarship in Phonetics and Speech Science (two recipients)

Stefon M. Flego

(Indiana University)

Kalia L. Stipancic

(MGH Institute of Health Professions)

Congratulations also to the following members who were elected Fellows in the Acoustical Society of America in spring 2020.

- **Jeewoong Choi**

(Hanyang University)

For contributions to the field of acoustic reflection and scattering from the seabed and geoaoustic inversion

- **Alexander Francis**

(Purdue University)

For contributions to understanding of cognitive-linguistic processes in speech perception, and mentorship of future scientists

- **Efren Fernandez-Grande**

(Technical University of Denmark)

For contributions to acoustic signal processing for holography and sound field reconstruction

- **Bozena Kostek**

(Gdansk University of Technology)

For contributions to musical acoustics, artificial intelligence, and education

- **Siu-Kit Lau**

(National University of Singapore)

For contributions to sustainable design in building acoustics, and education

- **Andrew Morrison**

(Joliet Junior College)

For service to the Society and acoustics education outreach

- **Eric Reuter**

(Reuter Associates)

For contributions to architectural acoustics education and service to the Society

- **K. Thomas Wong**

(Beijing University)

For contributions to signal processing of acoustic vector sensor arrays
